

ASSEMBLE TOP AS FOLLOWS:

ASSEMBLE BOTTOM AS FOLLOWS

FINISHING:

Squares were stitched together using a whip stitch. I added a simple border using a combination of 2 rounds

Round 1: sc into each space (between each square of the C2C pattern), then chain 3.
Repeat this all the way around

Round 2: 3 dc into each chain segment, repeat all the way around, add 2 chain stitches between dc segments at each corner.

****I did each of these border rounds twice, but you can do as many as you want to make the border as wide as you prefer****

ADDITIONAL NOTE: Use a blank square from the last page to create your own "iCal" icon if you want to include a date square.

If you are on Instagram – I'd love to see your blanket!! Tag me so I can check it out & follow along!
